Web: www.GenXFlash.com Email: Lights@GenXFlash.com

Dear Valued Customer,

Thank you for your interest in becoming a **GenXFlash Lighting** distributor. As you may already know, we have been expanding our product line, as well as designing and manufacturing products that are up to par to the leading manufacturers in the USA. We envision GenXFlash quickly becoming an industry standard in emergency vehicle applications. Our diversity, continuous research, and engineering development all enable us to produce cutting edge LED and Strobe technology; thus giving our Customers and Distributors advantages over other manufacturers' products. Our products are as comparable to the name brand with one exception, affordability. Our prices enable your customers to get more for less!

We are dedicated to providing our customers with the best quality products available while keeping business costs low thereby passing down our savings to you. This is a great opportunity for all large and small business owners like you to become part of our growing sales team.

We are sure you are aware of how hard it is to become a distributor of the "famous" brands and the requirements that need to be fulfilled in order to become one of their distributors. The good news is, that our requirements are fairly simple, making it easy for our customers to remain distributors and collect the financial reward of selling our products.

At this time, all pricing will begin at Level A. Based on the volume of lights and/or the frequency of your orders, prices will be decreased accordingly. ***We are here to work with you and our goal is to adjust to all your needs. We want the opportunity to beat any price provided by other dealers.***

Orders can be emailed to sales@GenXFlash.com or faxed to (856) 740-5014. You are also welcome to call in your orders to our office. After receiving your order, we will process and fax or email a confirmation for your live tracking.

One expectation of our distributors is quality representation of our products. We will be developing promo programs, sales, display boards and other tools to assist dealers in promoting and selling our products. We will work as a team in order to reach the greatest potential and success.

Once again, we would like to thank you for showing interest in our products. We welcome feedback and encourage you to be in constant contact with us so that we can make sure to serve you as best as we can.

Sincerely,
GenXFlash Emergency Lighting
A Division of Tekk Comm

SALES POLICY: GenXFlash products are sold through dealers. Possession of our catalog and/or price list does not constitute an offer to sell or the right to purchase directly from GenXFlash.

TERMS: Net 30 days upon approved credit; or COD. Credit Card Orders must be processed online.

FREIGHT: Carriers to be determined by GenXFlash. Actual shipping rates will be prepaid and charged to distributor. FOB Franklinville, NJ 08322

WARRANTIES: All products (EXCEPT strobe bulbs) - 3 YEARS (under normal use)

Note: Strobe Tubes - 1 YEAR Warranty (under normal use).

Halogen & Incandescent bulbs - not covered by warranty.

RETURNS: Merchandise returned under warranty shall be subject to inspection and repaired, replaced or credited at the option of GenXFlash. Customer negligence will VOID warranty. Return authorization is required. Call to request an RMA (Return Merchandise Authorization) or download from www.GenXFlash.com

INSTALLATION: All installations are the sole responsibility of the buyer. Use of all magnetically mounted warning devices on the exterior of moving vehicles is at the sole discretion of the user. Alterations to GenXFlash products will VOID the warranty.

PRICING: GenXFlash reserves the right to change pricing without prior notification. Every effort will be made to keep pricing current.

Pricing Level A

Level A is the basic pricing level for our distributors. Distributors are required to purchase an initial order of \$500. Under this level of pricing, distributors aren't required to purchase monthly and will not lose their level of distributorship. GenXFlash has the right to remove any distributor at this level if we feel that a distributor's relationship hasn't developed.
